

System Capacity: 100 kW (DC)

Client:

Cherry Hill Township

Cherry Hill Solar PV System

Design Professional:

Four Point Refrigeration Co., Inc
& Solar Energy

Location:

Cherry Hill Township, NJ

Delivery Method:

General Contracting

Bancroft Construction and its subcontractors Four Point Refrigeration Co., Inc & Solar Energy and EZENERGY, LLC installed a 100kW Solar Photovoltaic System for the Township of Cherry Hill. Bancroft and its subcontractors had to strategically choose each piece of equipment of the solar powered system in order to meet the weight and size restrictions of the municipal buildings rooftop and structure.
